

WCI Consulting Named 2010

“SAP® BusinessObjects™ Partner of the Year, USA”

DALLAS (March 08, 2011) – WCI Consulting today announced it has been named the 2010 “SAP® BusinessObjects™ Partner of the Year, USA”. Awards were presented by SAP Americas during SAP Channel Partner Summit Americas 2011, held Feb. 27 to March 1 in Savannah, Ga., to the top-performing SAP channel partners and SAP BusinessObjects partners in North America for outstanding contributions in revenue growth, marketing and customer service.

“It’s a tremendous honor for WCI to be recognized by SAP as the 2010 SAP BusinessObjects Partner of the Year for the U.S.,” said Marty Carney, chief executive officer, WCI Consulting. “Through our partnership with SAP, a global leader, we are able to deliver solutions and innovations that are cutting-edge that help customers succeed and thrive.”

Selected from SAP’s wide-ranging North American partner base, nominations were evaluated on numerous criteria to determine winning partners in each category. As the recipient of this award, WCI Consulting demonstrated its commitment to the partnership with SAP by teaming on account strategies, growing revenue and helping customers get the most from their implementations of SAP BusinessObjects solutions.”

WCI Consulting received the award during the SAP Channel Partner Summit Americas 2011, an annual gathering of SAP sales executives and partners to learn about SAP’s sales methodology, best practices, business growth opportunities and product innovations. The theme of this year’s summit – “Run Better Together” – prominently featured the importance of SAP’s partner ecosystem. The focus of the event was on helping SAP channel partners succeed in 2011 by providing visibility into SAP’s company direction, education on products, networking opportunities and exposure to SAP leaders – all aimed at helping partners and ultimately customers run better with SAP solutions. This year’s Partner Summit hosted more than 680 attendees from the U.S. and Canada.

“Through hard work, dedication and consistent collaboration with SAP, WCI Consulting has delivered outstanding performance and revenue growth in 2010, and has helped our joint customers run better with SAP applications,” said Kevin Gilroy, senior vice president, SME North America, SAP America, Inc. “SAP congratulates WCI Consulting on receiving the 2010 SAP BusinessObjects Partner of the Year, USA award, demonstrating a strong commitment to the SAP partnership and to delivering value and satisfaction to our mutual customers.”

WCI is an SAP BusinessObjects gold partner and an SAP channel partner authorized to resell the SAP BusinessObjects solution portfolio. WCI’s partnership involving BusinessObjects solutions began in 1998. Throughout WCI’s 13-year history, its reach has spanned North America, South America and into Europe. WCI brings advisory business expertise and knowledge in business intelligence to many different industries and verticals through solutions such as data warehousing, ETL, custom portals, dashboards, the SAP BusinessObjects OnDemand offering, training and application development.
